

SCHLOSS NEUHAUS
GÜLDENMOOR

ALL FROM ONE SOURCE

- ▶ Your strong service provider for cosmetic contract manufacturing

SCHLOSS NEUHAUS GÜLDENMOOR

▶ Tradition meets Progress –
that's what Schloss Neuhaus Güldenmoor stands for

As an innovative service provider and contract manufacturer for cosmetic products, Schloss Neuhaus Güldenmoor has been on the market for more than 70 years. With a lot of experience and passion, our employees are always by your side. As our corporate customer, you will be accompanied through all areas by your customer advisor and our SNG team. Experienced employees in contract manufacturing and filling as well as innovative and creative minds in recipe development are the perfect team for your first-class products. All of our departments work hand in hand and in close cooperation with each other.

Together we pursue the goal of being your optimal service provider, contract manufacturer, supplier and partner.

From development to the finished product

Recipe and product development, contract manufacturing, filling and packaging - with Schloss Neuhaus Goldenmoor, you get all from one source. Our team is there for you with passion, creativity and experience.

PRIVATE LABEL

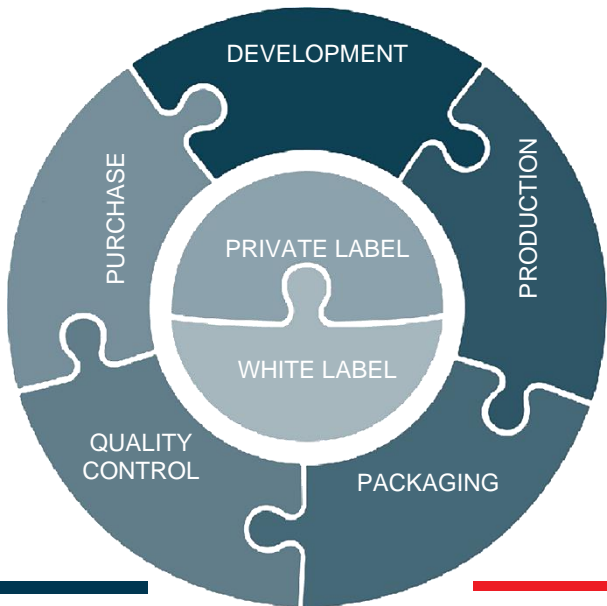

Cosmetics for your brand world

From development to your finished product, our competent employees and experienced customer advisors are right by your side. We accompany you on the way to your own private label product. Together with you, we envision your preferences and expectations for a new cosmetic system.

DEVELOPMENT

We develop your cosmetic products

With passion and experience in cosmetic product development, we create excellent high-quality brand products. Whether as an extension of your already established range or as a start for a new cosmetics line - we at Schloss Neuhaus Goldenmoor are your optimal partner!

◀ ALL FROM ONE SOURCE ▶

PRODUCTION

We produce your cosmetics

Come to us with your recipes and we will take over the production of your cosmetic products for you. From small quantities to larger volumes, we are happy to be your contract manufacturer with our experienced employees. With a great awareness of quality, we have been assisting our corporate clients as a service provider in the production of cosmetic products since 1948.

PACKAGING

Our packaging – more than only high standards

We at Schloss Neuhaus Güldenmoor are your competent service provider for filling. Our employees package your cosmetics professionally and under strict hygienic standards. The filling of your cosmetics into bottles, jars or tubes as well as other cosmetic packaging is possible in our filling and packaging department.

Newest technology during the filling stage

From tube filling and jar filling to the innovative solution of a spout bag, everything in our production is up to date. Bottles and special fillings are filled with semi-automatic machines to guarantee the individual filling.

QUALITY CONTROL

Quality control for your cosmetics

In our long-established company, we place the highest value on producing excellent and flawless cosmetics for you. If the result of the contract manufacturing of your cosmetics - regardless of whether they are products of classical or natural cosmetics - does not correspond to our high awareness of quality, they will not be authorized.

PURCHASE

In the right place at the right time

Customer orientation and on-time delivery is also very important to our employees in the purchasing department. Your customer order and the associated production of your cosmetics are always at the heart of everything that we do. We deliver your products to you on time, if not even earlier!
