

MAGNESIA
MINERAL COMPOUNDS

**Your specialist for
Cosmetics**

Mineral compounds for your cosmetics – qualified, audited, certified

MAGNESIA is supplier of innovative cosmetic raw materials based on minerals such as magnesium, calcium, zinc and iron. Our raw materials are suitable for skin care and decorative cosmetics as well as personal care products – for natural cosmetic formulations but also for regular products. For your products, you can choose from our portfolio of organic and

inorganic materials in various particle sizes and bulk densities. Another advantage for you: We audit the suppliers for you. The high quality standards are ensured by an internal product monitoring program. MAGNESIA is certified according to GDP, HACCP and DIN EN ISO 9001 and supplies you with high-quality minerals.

Functionality

- ✓ Adjustment of the pH value
- ✓ Regulation of viscosity
- ✓ Chelating agent
- ✓ Absorbing properties
- ✓ Abrasive agent
- ✓ Swelling and opacifying agent
- ✓ Mineral pigment

Especially for natural cosmetics

OUR NATURAL INGREDIENTS

Acacia Senegal Gum	Sodium lactate 60%
Calcium carbonate	tri-Calcium citrate
Erythritol	tri-Ethyl citrate
Kaolin	tri-Magnesium dicitrate
Lithothamnium calcareum	tri-Sodium citrate
Magnesium hydroxide	Xanthan Gum
Magnesium oxide	Zinc citrate
Maris Sal	Zinc lactate

MAGNESIA Essentials

MAGNESIUM COMPOUNDS

Magnesium chloride	Magnesium silicate
Magnesium citrate	Magnesium stearate
Magnesium gluconate	Magnesium sulfate
Magnesium oxide	Magnesium trisilicate

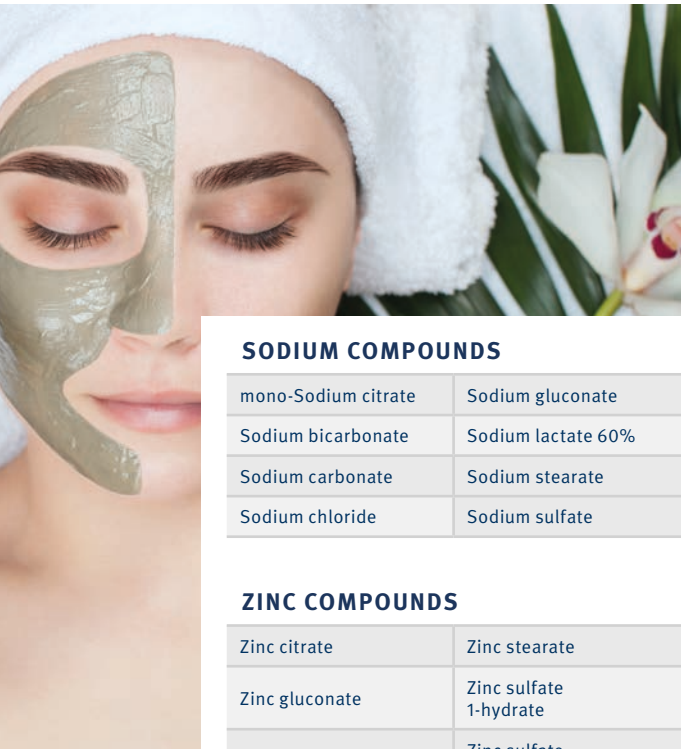

CALCIUM COMPOUNDS

Calcium chloride	Calcium oxide
Calcium citrate	Calcium phosphate
Calcium gluconate	Calcium sulfate
Calcium hydroxide	Calcium stearate
Calcium-lactate-gluconate	

POTASSIUM COMPOUNDS

Potassium bicarbonate	Potassium gluconate
Potassium carbonate	tri-Potassium citrate
Potassium chloride	

MAGNESIA Essentials

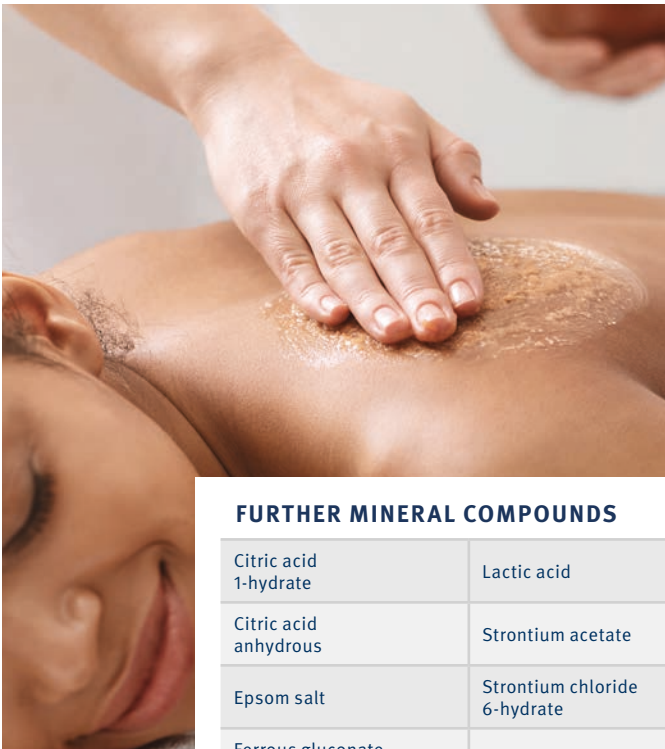

SODIUM COMPOUNDS

mono-Sodium citrate	Sodium gluconate
Sodium bicarbonate	Sodium lactate 60%
Sodium carbonate	Sodium stearate
Sodium chloride	Sodium sulfate

ZINC COMPOUNDS

Zinc citrate	Zinc stearate
Zinc gluconate	Zinc sulfate 1-hydrate
Zinc oxide	Zinc sulfate 7-hydrate

FURTHER MINERAL COMPOUNDS

Citric acid 1-hydrate	Lactic acid
Citric acid anhydrous	Strontium acetate
Epsom salt	Strontium chloride 6-hydrate
Ferrous gluconate 2-hydrate	Talc

MAGNESIA – your specialist for **mineral compounds** with **a wide range of applications**

As a supplier of high-quality mineral compounds, MAGNESIA stands for innovative and service-oriented solutions. For more than 35 years, we have been supplying mineral raw materials to manufacturers of food, cosmetics and pharmaceuticals, as well as users of technical applications. We supply our customers individually, reliably and quickly.

Our hygiene management
complies with the
principles of HACCP.

Our quality management
is certified according to
DIN EN ISO 9001.

We are GDP certified for the trade
of active ingredients for the
manufacture of pharmaceuticals
for human use.

MAGNESIA is GDP, ISO and HACCP certified. The quality of all processes is ensured by our ISO 9001-based quality management system. Our HACCP system ensures that raw materials supplied by us are compliant for the use in food manufacturing. We are audited regularly by the regulatory authorities for the distribution of active pharmaceutical ingredients for human use (GDP). In addition, we are registered as a wholesaler of feed for pets and farm animals at the Lower Saxony State Office for Consumer Protection and Food Safety.

Our commitment for you

Highest level of product quality
and certifications

Individual support for your
product development
