Berry
SOLUTIONS FOR YOU

Bmore

circular solutions

The B Circular Range is a testament of Berry Global's customer promise and our ongoing commitment to deliver an impact supporting your sustainability goals.

-  **Recycled Plastic**
Products that are manufactured using recycled content that can range up to 100% recycled material, diverting waste from landfill.
-  **Reuse/Refill**
Refillable solutions increase the reusability of our products, reducing waste and facilitating circularity.
-  **Renewable**
In some cases, fossil fuel feedstocks can be replaced with renewable resources like forestry residue, used cooking oils and more.
-  **Improved Recyclability**
Design changes that follow the RecyClass and APR guidelines can deliver products that are more compatible with recycling systems.
-  **Reduced Carbon Footprint***
Your carbon impact can be lowered by optimizing material usage, designing for reduction transport and storage impact, while still maintaining product performance.

Collaborate with Berry Global on solutions for a circular economy and be mre together.

Recycled Plastic

B Circular Solutions

The Recycled Plastic circular solution ensures the products are manufactured using recycled content that can range up to 100% recycled material. Utilizing recycled material diverts waste from landfills.

Closures

Supersoft Tube Closures

 Recycled Plastic

Features

PCR content: Up to 50%
Material: PP
Diameter: 30, 35, 40,
and 50 mm

Flip Top Closures

 Recycled Plastic

Features

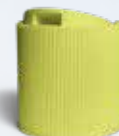

PCR content: Up to 50%
Material: PP
Neck finish: 20/415, 24/410,
24/415, Nd 24, 28/410,
33/400, Nd 30

Classic Tube Closures

 Recycled Plastic

Features

PCR content: Up to 50%
Material: PP
Diameter: 30, 35, 40,
and 50 mm

Disc Top Closures

 Recycled Plastic

Features

PCR content: Up to 100%
Material: PP
Neck finish: 24/410

Bottles

Ocyl

 Recycled Plastic

Features

PCR content: Up to 100%
Material: PET
Bottle Size: 75, 100, 125, 150,
200, 250, 300, and 400 ml

Boston Round

 Recycled Plastic

Features

PCR content: Up to 100%
Material: PET
Bottle Size: 30, 50, 100, 150,
and 500 ml

Airless

AirFree® Vinci Bottle

 Recycled Plastic

Features

PCR content: Up to 30%
Material: PP
Bottle Size: 30 and 50 ml

AirFree® Ecosolution Vega

 Recycled Plastic

Features

PCR content: Up to 30%
Material: PP
Bottle Size: 50, 100,
200, 400, and 500 ml

Refill and Reuse

B Circular Solutions

The Refill and Reuse circular solution is a great way to give your packaging multiple lives. Refillable solutions increase the reusability of your products, reducing and facilitating circularity.

Jars

Infinity Quartz Refill

Refill and Reuse

Recycled Plastic

Features

PCR content: Up to 100%
Material: Cap: PET; Outer jar in PET or rPET; Inner jar in PP
Jar Size: 50ml, 200ml

Applicators

Magic Star Refill

Refill and Reuse

Features

Material: PP
Bottle Sizes: 35 and 50 ml

Airless

Roll-on Refill

When partnering with **Berry Global** against short- and long-term sustainability goals, you can experience the benefits of **more**:

expertise

Berry will partner with your team to educate on advances in resin material science, manufacturing, and design for circularity

scale

Berry's global footprint and leading purchasing scale offers unique access to uninterrupted raw material supply and high quality sustainable polymers

infrastructure

Berry's 265 plants, over 35 product lines, and 65 conversion processes allow you to prioritize and fulfill your sustainability initiatives, achieving the greatest impact for your investment

investments

As an industry leader in investments, Berry helps meet the needs of the circular economy and ensure recycling and reuse of your product's packaging

Setting sustainability goals has never been more critical, but developing a plan to achieve these goals with your brand and products can be challenging. Whether it is to accomplish an individual project goal or a corporate-wide initiative, together we can **Bmore** for people and the planet.
