

NS AMAZONIAECO

REPAIR

Active ingredients: andiroba, babassu and copaiba oils.

INCI: Carapa guianensis Seed Oil, Orbignya oleifera Seed Oil, Copaifera langsdorfii Resin Oil.

Blend of amazonian vegetable oils encapsulated in organic lipid nanoparticles. NS AmazoniaEco Repair is an exclusive active, composed by 100% natural and organic ingredients, indicated for scalp health maintenance. In the product composition, babassu oil has moisturizing and revitalizing properties and andiroba and copaiba oils present anti-inflammatory properties.

INDICATIONS:

- Scalp health maintenance;
- Anti-inflammatory activity;
- Oiliness control;
- Dandruff reduction;
- Hair loss treatment;
- Lipid restoration;
- Promotion of elasticity, alignment and frizz control;
- Fragile hair revitalization.

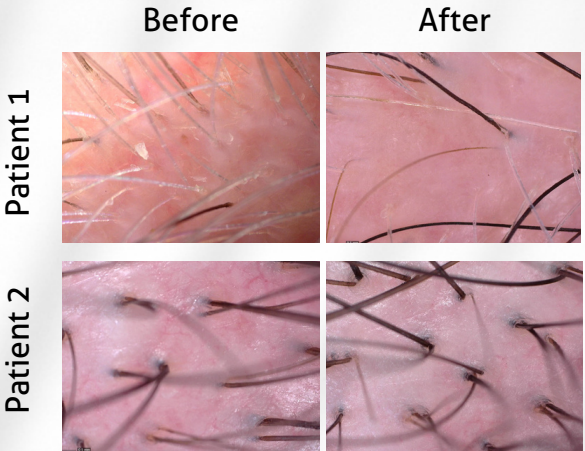

NS AmazoniaEco Repair is a nanoemulsion with a mean particle size between 100 to 400 nm. The encapsulation of active ingredients in nanoparticles promotes a higher contact with the hair follicles and fiber, enhancing the effect on hair and scalp. In addition, nanoencapsulation optimizes the penetration of the actives and allows the easy dispersion of oils in aqueous bases and vehicles.

EFFICACY EVALUATION:

Reduction of scalp oiliness and dandruff, improvement of hydration, and reduction of redness.

* Scalp analysis, by trichoscopy, of voluntary patients after 30 days of use of a hair tonic containing NS AmazoniaEco Repair 10% (once a day).

CONCENTRATION OF USE:

1 - 10%

APPLICATIONS:

Shampoos, conditioner, hair tonic, creams, serums and lotions.

FORMULA SUGGESTION:

Hair Tonic
